

STATEMENT OF ACCOMPLISHMENT

#44,895,264

HAS BEEN AWARDED TO

Isabel Rodriguez

FOR SUCCESSFULLY COMPLETING

**Functions for Manipulating Data in
PostgreSQL**

LENGTH

4 HRS

COMPLETED ON

DEC 07, 2025

 **datacamp**

A large, faint watermark-like graphic in the background features three circular nodes connected by a web of lines, resembling a network or a globe. The nodes have a textured, grid-like pattern. The entire background has a light beige or cream color with subtle shadows and highlights from the watermark.
